

## Literacy

We will learn facts about planets and we will be writing non fiction reports about space. We will

also be sharing stories about space such as 'The Iron Man' by Ted Hughes and 'How to catch a star' by Oliver Jeffers.

## Maths

We will be getting even better at multiplication and division and will learn times table facts off by heart.

We will also learn about shapes and their properties

## R.E.

We will thinking about how candles are an important symbol for Christians. We will also be finding out why Easter is important to Christians.

## Art

We will be doing line drawings and then we will use them to create our own printing tiles.

## PSHE

We will be talking about how we can look after our own bodies by making good choices to keep healthy. We will talk about being unwell and why others might need medicine to make them well.

## Science

We will revisit our learning about plants and their life cycles. We will also be learning about the solar

system and having an exciting visit to Winchester Science Centre.

## ICT

We will become superb film directors by using the LEGO Movie app to create and edit our own films.

Year 2 will be learning this half term through the topic

'The aliens are coming'

## P.E.

Gym—We will be revising what we have learnt so far and improving our work to perform to others.

Dance— we will be using 'space' as a stimulus to create our own dances.

## History

We will be learning about the first moon landings.

## Music

We will continue with our fun and exciting Samba drumming sessions with Mrs Richardson
