

# Year 1 Topic Planner

Summer 2 2021

Our topic, 'All Aboard!', will be planned with the children to follow their interests.

## Literacy

In literacy, we will continue with our phonics programme for reading and writing. We will also be developing our story telling skills. Our role play area will be designed around our pirate theme.

We plan to go to Stokes Bay at the end of the topic and take our learning to the beach! Details to follow nearer the time.

## Science

We will be having another Science day exploring the school grounds and finding out about plants.

## Mathematics

We will learn about problem solving and choosing the best strategy to solve a calculation including using our buddy numbers. We will be revising measuring length, halving objects and telling the time to o'clock..

This half term Year 1 will be learning through the topic:

### All Aboard!

Including a historic focus on the Titanic

## Art

In Art we will be asking is the sea blue and looking at pictures of the sea. For Art Day we will use paint effects to create different pictures such as painting sand on wet paper.

## History

We will be learning about the Titanic. We will be looking at a variety of evidence and artefacts to investigate the events.

## RE

We will be discussing special places that are important to the children. We will talk about the church as a special place for Christians.

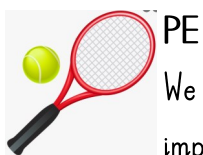

## Computing

We will be setting up our own folders and putting pictures and video in them.

## Music

We will have the opportunity to use percussion instruments to create sound effects from the sea and come up with our own class sea shanty.

## PE

We will be learning racket skills and improving our athletic skills.

## PSE

We will be using the Jigsaw curriculum to talk about different relationships we have and preparing and supporting the children for the changes coming at the end of term.
