

Engaging and inspiring pupils to develop a love of music through a progressive curriculum.

Developing a love of music through exposure to different musical genres, composers and styles of music through high quality examples.

COMPOSING

Equipping children with the technical skills, creativity and confidence to compose their own music and evaluate their own and others work through a range of styles and genres.

LISTENING

Having the opportunity to expand their musical horizons by listening to a wide range of music from varying cultures and traditions. They will learn to listen critically to understand how music is constructed and the impact it has on the listener.

Our Music Curriculum enables our children to shine by.....

SINGING

To foster a love of singing, ensuring that pupils learn to sing, develop their vocal potential and use their voices.

PERFORMING

Providing children with the opportunities to practice, perform and celebrate music within a variety of different musical genres.

Providing High quality teaching, including specialist teaching from Hampshire Music Service.

Introducing children to a broad repertoire of music from the Western Classical tradition to the best popular music and music from around the world.

Teaching subject specific music lessons enabling all children to learn the knowledge and skills required to be a 'musician'.
