

Year R Curriculum Overview - Minibeasts

Summer 2

Curriculum Intent: We strive to support all of our children to become confident learners that embrace new learning experiences. Our curriculum enables our children to develop positive attitudes, explore new concepts and explore their interests, reinforcing a real love of learning. This half term we will be exploring how we are all unique and special as well as beginning to look at changes in ourselves and our amazing achievements this academic year. We will be learning about mini-beasts and creating our own using clay. In order to conform with the New EYFS curriculum, we continue to follow the children's learning interests in addition to the curriculum and skills coverage. We are excited to see what they are inspired by this half term and look forward to following them on their learning journey.

Personal, Social and Emotional Development

We are preparing for the transition into Year One. Will be looking back on this year on all we have achieved and how we have changed. We will be looking at setting goals for when we are Year One.

Communication, Language and Literacy

To be able to use the sounds that I know to say and write simple sentences.

To know the set 1 special friends and some of the set 2 speed sounds.

To recognise 'red' words and begin to spell them.

Physical Development

To develop and practice skills ready for sports day! We will be having lots of fun learning how to take part in different races including relays; and how to manage our feelings with the different race outcomes.

Understanding the World

To look at the similarities and differences between our country and others.

To explore map making and create our own birds eye view map.

We will continue to look at the changes in seasons and compare them.

Mathematical Development

To solve problems involving addition and subtraction calculations.

To explore the tens and ones in teen numbers.

We will also be recapping learning from throughout the year such as doubles, number bonds, odd and even, and capacity.

Expressive Arts and Design

To use clay to create our own minibeasts.

To learn and perform new songs linked to our topics and learning.

To play percussion instruments and begin to explore music from different cultures.
